SW IWAS17 Impulse tool angled-type

Shut-Off (9,5 to 17Nm) 4.300 1/min - 3/8"

swepro SW IWAS17 - The robust impulse tool angled type with a torque range of 9,5 to 17 Nm is ideally suited for precise screw connections with high repetition accuracy in industrial assembly. The high speed of operation and the quality of the fittings increase productivity in all areas. The non-slip behavior of the tool as well as the low noise and vibration levels reduce health risks for the user to a minimum. The low weight, the isolated handle and the very good balance of the tool allow fatigue-free working, even in confined areas. The shut-off function automatically switches off the screwdriver as soon as the pre-set torque is reached.

Technical data

Item number	783981
Weight	1,2 kg
Air consumption	320 l/min
Air connection	1/4 "
Sound	72,7 dB(A)
Dimensions LxWxH	L=253 mm
Max. Operating pressure	6,3 bar
Free speed	4.000 - 4.300 1/min
For screws	M6-M8
Torque Range	9,5 - 17 Nm
Hose diameter (inside)	6,5 mm
