SW SP5334 SWEPACT™ Industrial Air Impact Wrench

3/4" - 1.690 Nm

The SW SP5334 SWEPACT™ industrial impact wrench is a large and powerful model (L: 187 mm; 3/4") with a torque range of 1690 Nm within 5 seconds and a maximum torque of 2600 Nm. The short design and the light weight of 3.5 kg considerably reduces the workload for the user. All innovative SWEPACT™ industrial impact wrenches of the series incorporate a completely new type of impact technology. Thanks to the closed design of the patented SWEPACT™ impact wrenches, the service life of the impact wrenches is extended by 80% and their maintenance intervals by 125% compared to the previous models with the twin-hammer impact wrenches. The lubrication via a grease nipple is completely eliminated. In addition, the industrial impact wrenches vibration and noise reduced.

Technical data

Item number	785334
Weight	3,5 kg
Air consumption	0,221 m ³ /min
Air connection	3/8" BSPT
Sound	85 dB(A)
Dimensions LxWxH	L= 187 mm
Max. Operating pressure	6,3 bar
Free speed	4500 1/min
Max. torque	2600 Nm
Vibration	7,7 m/s ²
